Partners with BCR on the next

Ballona Creek Cleanup!

Saturday, February 20th, 2016 9am-noon

(In case of rain, we will reschedule to Sat., Feb. 27th, 9am-noon.)

Meet at Centinela Ave at Milton St., LA 90066, btw Culver Blvd. and the I-90/Marina Fwy

BCR welcomes the partnership and hands-on participation of the Del Rey Neighborhood Council in tandem with the Culver City High School's BCR Club. We will be conducting a Zero Waste event and appreciate your help in making this successful!

Join the CCHS BCR club, BCR, and volunteers of all ages in this fun and worthwhile activity where the inland water and incoming tide meet, a special place of fish, birds, plants---yet still too much trash and concrete!

It is a great way for students to earn community service credits. As with all creek and coastal cleanups, all participants need to sign a waiver form and students under 18 need it signed by their parent or guardian, available either on-site or online at www.ballonacreek.org.

Wear closed-toed shoes (preferably water-resistant) and sunscreen. Bring your own water in a reusable container. Water will also be available at the event, along with bags, grabbers, gloves, buckets, and educational displays. Arrive by bike or car. Park on Milton Street, Centinela Avenue, or Culver Drive. For more details, visit www.ballonacreek.org.

BCR's Centinela Avenue creek cleanups are made possible by the ongoing support and permission of LA County Public Works/Flood Control District and LA City Council District 11/Councilman Mike Bonin and the active co-sponsorship of the Del Rey Neighborhood Council and LA City Office of Community Beautification.
