

# Ballona Creek Winter Cleanup!

**Saturday, February 11th, 9am-noon**  
*(Rain Date: Saturday, February 25<sup>th</sup>, 9am-noon)*

**Centinela Ave. at Milton St., LA 90066, between Culver Blvd. and the I-90/Marina Fwy**

**BCR and the Culver City High School BCR Club welcome volunteers of all ages** in this fun and worthwhile activity where the inland water and incoming tide meet---a special place of fish, birds, plants, yet still too much trash and concrete!

All the rains throughout the watershed continue to flush even more trash (mostly plastics) into the creek. Here's a chance to learn more about the problem and to be part of the solution! As we collect trash before it reaches the ocean, it's also a great way for students to earn community service credits.

As with all creek and coastal cleanups, participants under 18 need waiver forms signed by their parent or guardian, available either on-site or on BCR's website at <http://preview.tinyurl.com/jpulv2n>.

Wear closed-toed shoes (preferably water-resistant) and sunscreen. Bring your own water in a reusable container. Water also will be available at the event, along with bags, grabbers, gloves, buckets, and educational displays.

---

*BCR's Centinela Avenue creek cleanups are made possible by the ongoing support and permission of LA County Public Works/Flood Control District and LA City Council District 11/Councilman Mike Bonin and the active co-sponsorship of the Del Rey Neighborhood Council and LA City Office of Community Beautification.*
